

PECB Anti-Bribery Conference 2022

The upcoming PECB Anti-Bribery Conference is a virtual event scheduled for 21-22 February. More precisely, this conference will include a series of virtual round-table discussions, providing participants with the chance to hear from multiple experts, in English, French, and Spanish. The participants can expect to learn new insights on the latest trends, in addition to obtaining valuable information on a range of chosen topics. Furthermore, participants will have the chance to engage and ask questions to the panelists.

Considering the importance of tackling the global crisis of corruption, this conference will address some key issues and challenges related to the combating of bribery around the world and the importance and role of ISO 37001 and other related regulatory frameworks and standards in this regard.

For these and many other questions you might have, or seek to get a thorough answer for, our experts will provide detailed information in virtual roundtable discussions of the conference. So, don't miss it!

The PECB Anti-Bribery Conference will be a two-day virtual conference, hosting six sessions per day, delivered by over 30 distinguished experts in 3 different languages: French, English, and Spanish.

What Can You Expect From This Virtual Conference?

The best and brightest minds in the field of Anti-Bribery and ISO 37001 will gather virtually for three days of learning and expertise sharing.

To have stimulating discussions, the conference will be designed in virtual panel sessions. During these panels, experts will discuss different topics related to Anti-Bribery regulations and the challenges that the world is facing regarding the combating of bribery.

This conference will be completely free to attend.
